À CEUX QUI RÊVENT

When terroir inspires dreams.

In the Vallée Méridionale, each plot of vines is a universe and each bunch a promise. **‘À Ceux qui Rêvent’** was born of a vision: to celebrate the exceptional terroir of this region by combining it with the art of daydreaming. Here, the land speaks. It inspires wines that transport, cuvées shaped by the expert hands of the winemakers and nourished by the soul of the soil.

It's the story of a journey through emblematic appellations, where each wine is a gateway to a unique terroir, an invitation to delve into the nuances of soils, climates and practices.

It's an ode to know-how, a tribute to the art of creating exceptional wines. Each cuvée is an exploration: a sip that carries with it the history of men, the imprint of a tradition and the promise of a sensory journey for dreamers and lovers of the land.

ESPRIT DES VESTIGES

In the sunny plains and steep hills of the Rhône Valley, an invisible bond crosses the ages, mingling the whispers of history and the vibrant of the land.

Over 2,500 years ago, the first Greek settlers landed on the shores of the Mediterranean, bringing with them not only amphorae of wine, but also a viticultural know-how that was to transform the region. These pioneers explored the valley's fertile soils, finding a unique terroir where the sun, mistral and rich soils combined to create ideal conditions for vines.

Esprit des Vestiges draws its essence from this exceptional terroir. Each wine is conceived as a time capsule, an echo of ancient traditions where the intensity of the sun, the freshness of the Mistral, and the authenticity are found.

Esprit des Vestiges: where history and terroir intertwine.
